CURA E MANUTENZIONE

MOGANO

Per la pulizia del mogano passare delicatamente un pennello a setole morbide per pulire la superficie. Diluire in una bacinella d'acqua tiepida un cucchiaino di sapone liquido neutro, bagnare e strizzare un panno morbido in questa soluzione e lavare bene il legno in ogni sua parte. Pulire eventuali aloni difficili da rimuovere con ovatta inumidita in acqua e aceto bianco. Asciugare accuratamente tutte le superfici appena pulite.

CARE AND MAINTENANCE

MAHOGANY

To clean the mahogany firstly use a brush with soft bristles to clean the surface. Dilute a spoonful of neutral liquid soap in a bowl of warm water; wet and wring a soft cloth in this solution and clean all parts of the wood thoroughly. Remove any difficult stains with cotton wool swabs moistened with water and white vinegar. Dry thoroughly all cleaned surfaces.
